

PARTS LIST

**MODEL 3000
TWO STAGE
INDUSTRIAL
AIR COMPRESSOR**

GENERAL INFORMATION

This manual contains an illustrated breakdown of the unit into assemblies, subassemblies and detail parts required for maintenance and repair. Please retain this manual for reference.

COLUMNS

Each parts list is divided into the following columns:

Reference Number. This column lists the figure number for the illustration, followed by the call-out number on the illustration which identifies that item. For example, figure number 3, item number 5 would be written as 3-5 in this column. The reference number is usually not required for ordering parts or kits.

The following abbreviations might appear in the Reference Number column:

- NI = Not Illustrated.
- Ref = Reference Only. You may be referred to a figure and page noted in the Description column.

Additional abbreviations or symbols used are defined below the parts list.

Description. The description column identifies items by standard name (nomenclature) and modifiers. The modifiers are used to identify specific characteristics (dimensions, capacity, pressure setting, etc.), and/or the particular location or function on the unit. The relationship of a subassembly or component part to higher assemblies is shown by indentation and "bullet" (•) symbols. Assemblies which are broken down in separate lists and illustrations show the appropriate figure number and page reference after the item description. Always provide the part description when ordering.

REF. NO.	PART NO.	DESCRIPTION	QTY.	SPARES		
				1	2	3
3-1	95344651	PLUG, PIPE - HEX HEAD 1/2"	1			
3-2	95640039	NIPPLE, LONG - 1/2" X 1/2"	1			
3-3	32173051	COUPLING, PIPE - 1/2"	1			
3-4	30218055	PLUG, OIL FILLER - COMPLETE	1			
•	95018140	• O - RING	1	1	1	2
3-4	32000655	DECAL, HAND TIGHTEN	1			
3-7	95227302	CAPSCREW - HEX 5/16-18 X 7/8"	5			
3-8	95079984	CAPSCREW - HEX 5/16-18 X 1-1/4"	1			
3-9	95674651	GASKET - COPPER WASHER	1			
3-10	37127107	COVER, FRAME END	1			
3-11	90289220	GASKET, FRAME END COVER	1	1	1	2
3-12	95077708	NUT - HEX 1/2-13	1			
3-13	95716800	LOCKWASHER, SPRING - 1/2"	1			
3-14	95053682	CAPSCREW - HEX 1/2-13 X 3-1/2"	1			
3-15	30212905	WHEEL, V-BELT	1			
3-16	37001389	VALVE, PILOT	1	1	1	1
3-17	37001317	PIN ASSEMBLY, THRUST	1	1	1	2
3-18	95196289	LOCKWIRE, 12 GA X 5"	1			
3-19	95044111	CAPSCREW - HEX 1/4-20 X 3/4"	2			
3-20	95044111	CAPSCREW - HEX 1/4-20 X 3/4"	2			

Quantity. Quantities listed in this column reflect the number of each item used in the next higher assembly, and are not necessarily the total quantity of the part used on the unit. Specify the desired quantity when ordering.

Part Number. Items listed in this column bear Ingersoll-Rand part numbers. Specify the part number when ordering spare or replacement parts.

The following abbreviations or symbols might appear in the Part Number column:

- NSS = Not Sold Separately. Such items must be ordered as part of the next higher assembly or, where applicable, as part of a Step Saver Kit.
- ** = Part number will vary.

Additional abbreviations or symbols used are defined below the applicable parts list.

Spares. Quantities under this heading reflect the number of each item which we recommend be kept on hand for maintenance or repair. The appropriate quantity for your application will depend on how critical interruptions in service are to your operation.

Class	Quantity	Suggested for
1	Minimum	Domestic service where interruptions in service are acceptable.
2	Average	Domestic service where some interruptions in service are acceptable.
3	Maximum	Export service or for domestic service where interruptions in service are unacceptable.

STEP SAVER KITS

Step Saver Kits for this unit are listed in this manual. These kits provide all of the parts required to perform common repair or scheduled maintenance tasks, such as piston ring replacement or valve replacement. When ordering the kits, use the description and part number as shown.

Kit	Contents
Valve/Gasket	Valve wearing parts and head gaskets that are destroyed in replacing valve parts.
Ring/Gasket	Complete set of piston rings, a crankshaft seal, and gaskets that are destroyed in breaking the unit down to replace the rings.
Bearing/Connecting Rod	Set of connecting rods, main bearings, and a crankpin bushing.

ORDERING INSTRUCTIONS

All parts listed in this manual can be ordered through your local Ingersoll-Rand Air Center or Distributor. Consult the Directory of Distributors included with the unit to find the Air Center or Distributor in your area.

When ordering, provide the following information:

- The **model number** and **serial number** stamped on the unit nameplate.
- The **form number** of this manual, as indicated in the lower right-hand corner of the front cover.
- The **quantity**, **description**, and **part number** of the part(s) you are ordering.

LOOK WHAT INGERSOLL-RAND CAN DO FOR YOU!

Efficient Field Service

We maintain a highly trained staff of technicians to service your equipment for preventive maintenance, or to assist you should emergencies ever occur.

Complete Repair Service

Our trained technicians will repair or overhaul your equipment to factory specifications, using only genuine I-R parts.

Special Engineering Service

We can help you identify and solve your problems by evaluating your needs and recommending the proper equipment to give you maximum efficiency.

Spare Parts

By stocking genuine I-R spare parts, we can help you avoid costly delays or substituting inferior parts. Using genuine I-R parts on your I-R equipment will help to keep even older equipment running in good-as-new condition.

Complete Stock of Equipment

We carry a complete line of I-R equipment and accessories designed to meet any compressed air application. We are backed by I-R's prompt factory shipment to ensure you on-time delivery.

A SUBSTITUTE IS NOT A REPLACEMENT!

Ensure you get peak performance and longevity out of your Ingersoll-Rand product by insisting on genuine Ingersoll-Rand replacement parts and maintenance kits. Not only are the replacement parts made to precise dimensions and OEM-specified metallurgy, but each part is backed by the Ingersoll-Rand warranty. Your local Air Center, Distributor, or direct Ingersoll-Rand salesperson will work with you to ensure you get the parts you need to do the job right. Equip your machines with only the best — Ingersoll-Rand genuine parts.

NOTE: THE USE OF REPAIR PARTS OTHER THAN THOSE INCLUDED WITHIN THE INGERSOLL-RAND COMPANY APPROVED PARTS LIST MAY CREATE UNSAFE CONDITIONS OR MECHANICAL FAILURES OVER WHICH INGERSOLL-RAND COMPANY HAS NO CONTROL. INGERSOLL-RAND COMPANY SHALL BEAR NO RESPONSIBILITY FOR EQUIPMENT ON WHICH NON-APPROVED REPAIR PARTS ARE INSTALLED.

The manufacturer reserves the right to make changes or add improvements without notice and without incurring any obligation to make such changes to products previously sold.
