## ARO PNEUMATIC LOGIC CONTROL LOGIC FUNCTION ASSEMBLY

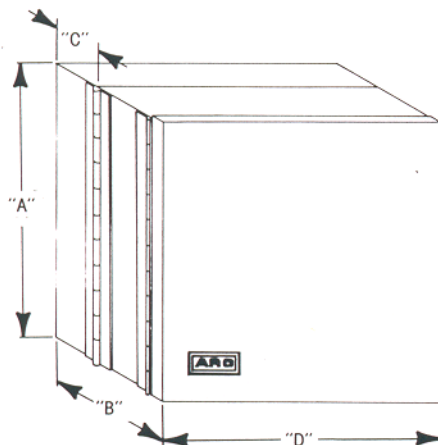

### ENCLOSURE BOX ASSEMBLY

#### DESCRIPTION

Model 59126 and 58060 Double Hinged Enclosures are designed to house APLC Circuit Board Assemblies, where oil and dust tight characteristics are not required.

The circuit board mounting panel will accept the integrated or the back tabulated circuit.

Model 59126 has ample space at the top for pneumatic push buttons, selector controls, and pneumatic indicators.
