

## Parts List for PT-15K and PT-23K Pendant Kits

**READ THIS PARTS LIST BEFORE USING THESE PRODUCTS.** This parts list contains important repair parts identification. Make this information available to all persons responsible for the operation, installation and maintenance of these products.

 **WARNING**

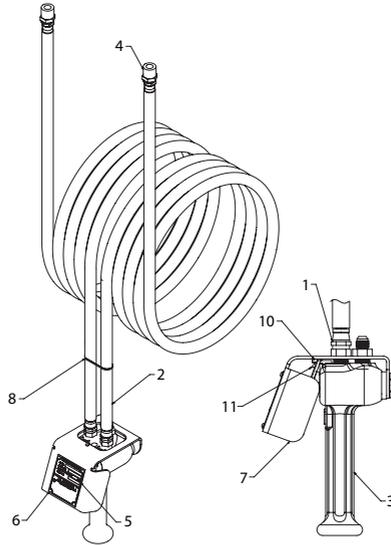

Failure to follow these warnings can result in serious injury or death.

 **WARNING**

Disconnect the Barring Motor from the air supply before installing pendant control kit.

- Operate Barring Motor at or below the maximum inlet pressure stamped on Barring Motor nameplate.
- Operate on compressed air only.
- Do not remove any labels. Replace any damaged label.
- Follow lockout procedures.
- Before installing or operating read manuals supplied with Barring Motor.
- Assemble the Pendant Control Kit as shown in the drawing on the reverse side of this sheet.

## Parts and Maintenance

When the life of the tool has expired, it is recommended that the tool be disassembled, degreased and parts be separated by material so that they can be recycled.

Tool repair and maintenance should only be carried out by an authorized Service Center.

Refer all communications to the nearest **Ingersoll Rand** Office or Distributor.
