

Application Services (866) 284-5509

**Technical Bulletin No. 030804 JM**  
**Insight ICG Software ver 3.0.1**

**Description:**

This is the release of RISC version 3.0.1 and MCE version 2.1. Only customers with bugs addressed or those that require the features below should be upgraded. Insight IC version 3.0.1 is to be used only with MCE version 2.1.

**Bug Fixes Addressed:**

- Tool communication problem where MCE starts before RISC board is fixed.

**Restrictions:**

**This is ONLY to be used with controllers for the QE Series tool.**
